

ARP ESSER A-TSI Set Aside Funds (2.5%)

The Minersville Area School District will integrate these funds into the special education program at the Elementary Center. These funds will be used to purchase and upgrade various forms of technology. These technology upgrades will improve progress monitoring, diagnostic testing, and the delivery of instruction. The vital upgrades in technology will assist in increasing the quality data that is analyzed and provide an opportunity to identify and close learning gaps.

The following is the proposed budget for the 2.5% set aside funds:

Technology purchased for special education classrooms	\$36,662.00
-------------------------------------------------------	--------------------

TOTAL:	\$36,662.00
---------------	--------------------
